

President based his action in making the foregoing members of the club as follows:

Judge Alton B. Parker charged that in the presidential campaign of 1904, the corporation either asked or were forced to contribute to the Republican "slush fund," through favors promised by Mr. Roosevelt, or through fears, to which the President replied:

"Certain slanderous charges as to Mr. Roosevelt and myself have been repeated time and again by Judge Parker, the candidate of his party. The statements made by Mr. Parker are unqualifiedly and atrociously false."

Herbert W. Brown, Minister to Venezuela, was removed, and when he charged that Assistant Secretary of State Loomis, who was responsible for his removal, was implicated in a financial scandal, the President wrote:

"Mr. Brown's statement is shown to be absolutely untrue."

Henry M. Whitney, who was Democratic candidate for the lieutenant-governorship of Massachusetts two years, and quoted in substance a conversation with the President on the subject of reciprocity.

"He deliberately misrepresented what had occurred," said the President. Ex-Senator William Chandler of New Hampshire—He said that at the request of the President he opened negotiations with Senators Bailey and Tillman last spring or summer to induce them to co-operate with Mr. Roosevelt in support of the rate bill.

"The statement attributed to me by Mr. Chandler is a deliberate and unqualified falsehood," asserted the President.

Belamy Store—Ambassador Storer made statements concerning activities of Mr. Roosevelt looking to the raising of an American prelate to a cardinalate.

"With particular regard Mr. Storer now seeks to turn this act of cordiality and I think I might add, generous friendship on my part into an attack upon me."

"These statements are entirely untrue," said Secretary Taft, speaking for the President.

G. O. Shields, president of the League of American Sportsmen, told a congressional committee that the President favored legislation forbidding the use of automatic shotguns in the Territories.

"Not one single sentence you quote as I said it," said the President. "Some of the sentences are pure inventions."

And now Mr. Edward H. Harriman is admitted to the society, upon grounds perfectly familiar to the public.

The above list does not contain the names of members who were added to the club on probation, since the President has not said himself that they are fully entitled to membership.

Among these are: Colonel W. D. Mann, publisher of *Facts and Fancies*, who said the President gave him a photograph in which he was used in the book. Secretary Taft denied this and pronounced the statement absolutely false, speaking for the President.

M. Richardson, a correspondent for the *Petit Parisien*, interviewed the President and called the interview, which was called back to this country.

The President denounced the interview as "misrepresenting," which is not regarded as being sufficient to constitute a deliberate attempt to cause Monsieur to distinction of full membership.

Meanwhile there has been a distinct revival in Washington of the air which became so popular last spring, when Senator Chandler was elevated to membership in the organization.

"Everybody lies but Roosevelt," and he sits around all day. Thinking of a thing, he tells. O, everybody lies but Roosevelt. They do—like hell.

CABINET CONFERS AS TO TRUSTS

WASHINGTON, April 3.—An important conference was held at the White House to-day on the subject of trusts and corporations now under way by the Department of Justice. Those present included four members of the President's Cabinet—Messrs. Root, Bonaparte, Garfield and Coudry. The so-called tobacco trust was one of the subjects discussed.

The discussion was general and without reference to any particular trust or corporation, and no conclusions were reached. Attorney-General Bonaparte, it is said, is outlining a program of action. He submitted his plans to the President and his Cabinet associates with the view of receiving any suggestions as to the best methods to pursue when the administration is ready to resume the trust prosecutions.

Personals and Briefs.
Mrs. J. H. Reid and her little daughter, Mary Christine, of Orange county, are visiting her brother, Mr. August Moll, at No. 604 North Sixth Street. Miss Nancy J. Stanner, of Richmond, who is visiting Washington, D. C., will return to the city Friday.

Tenth Anniversary.
On Friday evening of the week the Covenanters company of the Church of the Covenant will hold their tenth anniversary. The boys for friends to be present at their meeting, and at an informal reception following.

Whist Club To-Day.
The Sue Gordon Whist Club will meet this afternoon at 4:30 o'clock with Mrs. A. T. Wilmer, No. 517 West Grace Street.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

Drink the old original Arbuckle's ARIOSIA Coffee, the blend of Brazilian coffees, most wholesome and stimulating, as well as most economical. Anything dearer than Arbuckle's ARIOSIA is extravagant, and no one can sell as good coffee for the same price. People who drink Arbuckle's ARIOSIA Coffee are not dyspeptics with fashionable nerves

who take vacations in Sanitariums, on featherweight rations, but the healthy vigorous manhood and womanhood that constitute the useful majority. The first roasted packaged coffee; sales of Arbuckle's ARIOSIA Coffee for 37

years, exceed the combined sales of all the other packaged coffees. In sealed packages only for your protection. Don't buy loose coffee out of a bag, bin or tin that the roaster is ashamed to seal in a package with his name on it. If your grocer won't supply write to ARBUCKLE BROS., New York City.

"Barry's for Clothes"—the distinguishing sort.

This flag, with thirteen stripes and a star for each State was formally adopted by Congress, 82 years ago to-day. This is the flag that means more to humanity than any other banner on earth.

We mark the day with a special sale of American suits made from American wool. Every item of the garments is manufactured in the United States by American workmen.

And we invite all sorts of tests and comparisons to prove their worth.

200 RAILROAD MEN ARE OUT ON STRIKE

They Demand Higher Wages. Other Strikes Throughout the Country.

KALAMAZOO, MICH., April 3.—The strike of employees of the Michigan United Railroad Company, which was declared last night, went into effect early to-day. The strike is expected to affect about 200 men on the lines in this city and Battle Creek, and on the interurban line between Kalamazoo and Jackson. The interurban line was tied up shortly before noon. The men demand higher wages.

Paper-Makers Strike.
GLENS FALLS, N. Y., April 3.—All the papermakers employed at the International Paper Company's plant at Port Edward went out on strike to-day. The strike is the result of trouble between the papermakers' union and the pulp, sulphite and paper mills. The papermakers demand the dismissal of members who deserted their union and joined the local workers.

300 Carpenters Strike.
NEW YORK, April 3.—The building and mechanical trades of this city were almost completely tied up to-day as the result of a strike of about 300 carpenters and other mechanics. The men struck because their employers refused to grant them a Saturday half holiday.

May Settle Strike.
CHICAGO, April 3.—The controversy between the Western railroad and the conductors and trainmen seems nearer an end than at any time since Interstate Commerce Commissioner Knapp and Labor Commissioner Noll intervened in behalf of peace. After delivering the ultimatum of the general managers to the representatives of the men this afternoon, a long conference was held. The opinion was that the labor leaders came to an agreement, which they requested the two government officials to deliver to the general managers to-morrow. While the exact nature of the basis of settlement agreed upon by the men is not known officially it was stated that prospects for a peaceable settlement of the difficulty were bright to-night.

FOUR JURORS SO FAR IN RUEF CASE

SAN FRANCISCO, April 3.—Three jurors were accepted to-day for the trial of Abraham Ruef for extortion. They are J. H. Dumbrell, a retired merchant; William D. Knight, cashier for a furniture firm, and Julius Meyer, a retired tobacco dealer.

Mr. H. Bradstreet was accepted yesterday, making four jurors thus far selected. After this number has been increased to five the jury will be subjected to peremptory challenge, the defense having the right to excuse ten jurors peremptorily and the prosecution five. In all seven panelmen were examined to-day, four being challenged for causes and excused.

MOTHER AND FOUR CHILDREN BURNED

PASSAIC, N. J., April 3.—A mother and four of her children perished in a fire which broke here to-day. The victims were Mrs. Philomena Satupo, twenty-six years old; Mary, aged seven; Lillian, aged five; Antonio, aged three; and Joseph, aged seven months.

WHY DID BROWN STOP FIGHTING?

Central American Republics Want State Department to Answer Question.

THE MINISTERS INTERFERED

Bonilla Is at Amapala Hemmed in by the Nicaraguans—Stories of Outrages.

WASHINGTON, April 3.—Mr. Coran, the Nicaraguan Minister, called at the State Department today and inquired as to what authority Philip L. Brown, secretary of the American legation at Guatemala and Honduras, had for his interference with the bombardment of Amapala, Honduras, by the Nicaraguan forces. Mr. Coran's address from his home government show that Mr. Brown went to Amapala by the courtesy of the Nicaraguan officers, assuring them that he hoped to persuade President Bonilla, of Honduras, to surrender, thus ending the bombardment of the city. The Nicaraguans consented to cease firing for twenty-four hours. Before that time Mr. Brown went to Union, Salvador, and from there he directed a protest on behalf of Salvador against the renewal of the bombardment of Amapala, saying that Amapala would regard such action as a declaration of war by Nicaragua against the Salvadoran Republic.

It is the desire of the Nicaraguan government to learn by what right Mr. Brown is acting for Salvador. Such interference on his part is a radical step, and all Central American republics are much interested in the outcome. State Department officials refused to discuss Mr. Brown's instructions have been.

President Bonilla is still surrounded at Amapala, so far as the State Department knows, by the bombardment of the town by Nicaraguan gunboats has ceased, according to dispatches received to-day from the American legation to Guatemala and Honduras.

The United States cruiser Chicago and the gunboat Princeton, both known to be lying near the island on which Amapala is situated, and the presence of these two American ships is supposed to be largely responsible for the halt in the bombardment.

Invaders Plundered.
SAN SALVADOR, REPUBLIC OF SALVADOR, April 3.—According to reports circulated here from Honduras, when the invading Nicaraguans and Honduran revolutionary armies occupied Tegucigalpa, they plundered the place and murdered several persons. The children of the city of Carcamo, it is added, were hanged by the invaders.

GENTLE SPRING'S RETURN

Widespread Damage to Fruit Reported to Have Been Done.

The much-famed cold snap seems about over, the strong April sunshine warming the earth on all day yesterday. From every section come reports of damage to fruit and early vegetation. While the estimates cannot be made as yet, it is not generally thought that the damage will be as heavy as had been at first expected.

Farmers coming in from Henrico said yesterday that they could not tell just what damage had been done, as much of the bloom was still hanging on the trees. Peaches, pears and cherries caught the worst of it. Apples have not yet blossomed, but the strawberry bloom is well on the way. In the city conditions are about as before the storm. The budding of the trees has been set back a few days, but the warm sunshine is rapidly bringing them out, and the grass in the parks is as green as ever.

The dust is with us again, and the lonely car of the Passenger and Power Company is making its habitual battle with Richmond's dirty streets.

KILLED HUSBAND DEFIED SHERIFF

[Special to The Times-Dispatch.]
WATER VALLEY, LA., April 3.—After standing guard for twenty hours over the body of her husband, Lewis C. Drew, forty-five years old, whom she shot and killed because the man had charged his wife with infidelity, Mrs. Mary L. Drew, only surrendered to Sheriff L. N. Carpenter and four deputies to-day afternoon. The woman, armed with a Winchester rifle, and having with her Mrs. Sarah Leak, a neighbor, remained entrenched in her home all of last night and the greater part of to-day. She sent a hundred bullets at the best of officers, firing every time a head appeared.

Saloon License \$1,500.
[Special to The Times-Dispatch.]
BRISTOL, TENN., April 3.—The Bristol (Va.) Council last night voted to increase the license on saloons from \$200 to \$1,500 each. Since a majority of the Council is said to be in favor of retaining saloons, temperance advocates are inclined to accept this step as intended to affect the result in the next option election to be held April 23d.

Alfred De Cordova Dead.
NEW YORK, April 3.—Alfred De Cordova, the Italian, who has been in prison some days, died at his home late to-night.

A Square Deal

It assumed you when you buy Dr. Pierce's Family Medical Remedy, all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal plants growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much safer remedy than any other for curing and preventing indigestion, constipation, biliousness, headache, dizziness, nervousness, and all the ailments arising from a disordered stomach. This agent possesses intrinsic medicinal properties of its own, being a most valuable tonic and stimulant, and a most potent and soothing demulcent.

Glycerine plays an important part in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing (feeling in stomach), nervousness and all the derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the Golden Medical Discovery is a specific for all the various mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this. In Chronic Catarrh of the Nasal passages, it is well, while taking the Golden Medical Discovery for the necessary constitutional treatment, to use the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affections, except consumption in its advanced stages, the Golden Medical Discovery is most efficient remedy, especially in those obstinate, hacking coughs caused by irritation and congestion of the mucous membranes. Dr. Pierce's Discovery is not so good for acute coughs arising from sudden colds, nor must it be used in cases of consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

MORE POLICEMEN FOR THE REUNION

Board to Ask Council for Sufficient Appropriation.

The Police Board met in regular monthly session last night and discussed a number of matters of importance to the department.

Among other things they talked over the condition of various bars in different sections of the city, and it is quite likely that when some of them apply for a renewal of their license they will have some trouble in securing the same.

The Board will ask the City Council to appropriate a sufficient sum to secure special policemen during the coming Reunion and the Jamestown Exposition, and it is probable that such an appropriation will be made.

The question of more horses for the department was also discussed, and it was stated that there was some difficulty in getting the horses needed for the mounted squad.

STANDING AT HORSE SHOW

Management Hopes to Have Enforcement of Order Relaxed.

Since the announcement by the Committee of Three that standing in the aisles at the Horse Show Building would be prohibited, the management of the show has been reported to the Richmond Horse Show Association as planning to prevent the aisles from being crowded by the annual horse show that would result from rigid enforcement of the committee's requirement. Now that the show building is within the city limits the same regulations heretofore applied to the theaters will be equally applied to the horse show, unless the ordinance or statute is amended.

The committee is acting by authority of a statute of the General Assembly passed in 1897, which cannot be repealed or amended until the Assembly meets. It is hoped by officials of the show that the committee will relax its precautions against fire always in force during the horse show, the rigidity of the usual enforcement of the ordinance will be relaxed. Many visitors to the horse show prefer the promenade around the show grounds to the show itself, and a few of those who have boxes or reserved seats enjoy a promenade around the circuit and a peep at the beauty show.

Company Elects Officers.

NORFOLK, VA., April 3.—The annual meeting of the Norfolk and Portsmouth Belt Line Railroad Company was held here to-day, when officers were elected as follows: President, W. A. Patton, of Philadelphia; Vice-President, L. E. Johnson, of Roanoke, Va.; Treasurer, Caldwell Hardy, of Detroit, Mich.; Secretary, J. Deane, of Philadelphia; General Counsel, Thomas H. Wilcox, of Norfolk.

PRESBYTERIANS TO MAKE EXHIBIT

Rev. E. T. Wellford and Dr. W. W. Moore Outline Plans for Exposition.

SHOW PAPERS AND PORTRAITS

Fireproof Building to Be Provided for Historical Object Lessons.

A meeting was held last night at the First Presbyterian Church in the interests of the Presbyterian exhibit at the Jamestown Exposition.

Rev. W. M. Moore, D. D., and Rev. E. T. Wellford, of Newport News, were the speakers. Attention was called to the importance of the history and traditions of the church, and to the opportunity afforded by the exposition for collecting valuable historical data.

Mr. Wellford explained the plans of the committee, of which he is chairman, in regard to the exhibit, which will be of a threefold character. The exposition company has provided in the center of the grounds a fireproof brick building, in which space has been secured for exhibit of valuable papers and portraits. An educational exhibit will also be made in the educational building, which will be of a semi-fireproof character. In addition to this the committee has arranged for the construction of a separate Presbyterian building, on a desirable corner, the building to cost about \$5,000.

Is Strongly Endorsed.

The Pan-Presbyterian Alliance, which embraces all churches throughout the world, holding a Presbyterian system of government, has endorsed the movement, and the Presbyterian Historical Society, of Philadelphia, will furnish much valuable material for the exhibit. The building will include rooms for rest and reading, and will be open to visitors throughout the exposition.

The history of the planting and growth of Presbyterianism in this country will be fully exhibited, and many interesting manuscripts and relics will be exhibited.

Dr. Moore, in opening his address, spoke of what other denominations were doing in celebration of the tercentenary of the holding in Virginia of the Baptist and Episcopal conventions during this year, and paying a graceful tribute to the contribution of those two denominations to the cause of religious freedom in this country.

Both addresses were given close attention by a representative Presbyterian audience.

PRESBYTERIAN TEACHERS.

Those of Richmond and Manchester to Hold Meeting.

On Friday evening of this week the officers and teachers of all the Presbyterian Sunday schools of Richmond, Manchester and vicinity will hold a general meeting at the Grace Street Presbyterian Church, called of Fourth and Grace Streets. While the gathering will be of a partly social nature, business dress will be expected, and the gentlemen will no longer be asked to leave the church from their places of business.

The gathering will assemble at 6 P. M. and at 8:30 an informal supper will be served in the lecture room of the church. Following the supper a business session will be held for the transaction of matters relating to the welfare of the Presbyterian Sunday schools of the city. Officers and committees for the ensuing year are to be elected, and the lecture will be given by the Rev. Mr. Calvin Wilson, that the superintendents, officers and teachers of all the schools will be present, as there will be abundant provision for all.

No formal invitations have been issued, but notice was given at all the schools last Sunday, and a large attendance is expected.

REVIVAL AT ASBURY.

The Pastor, Mr. McFadden, Is Conducting the Services.

Revival services are being held each night this week at Asbury Place Methodist Church, corner Lombardy and Grove Avenue. Rev. George H. McFadden, the pastor, is conducting the services, and is preaching with power and effect, and attracting large attendance throughout the western section of the city. A large chorus choir directed by Mr. R. B. Minor is rendering special music.

Strasburg Case To-Day.

The Corporation Committee will to-day hear complaints from citizens of Strasburg against the Baltimore and Ohio and Southern railroads. The committee will hear evidence in reference to the present facilities of the town, and with the view of securing a new station.

Shoots Sleeping Negro.

CHESTER, VA., April 3.—Two colored men, employed by Mr. W. J. Rowland, began to banter each other yesterday afternoon in good humor. After a little time the banter grew more serious and advanced toward Jackson, when Jackson thrust his hand with a knife in it at him, and gave him a stab in the back. Mack kept quiet till bedtime, and after Jackson and another companion had rolled themselves up on the floor, Mack picked up a stick and laid it down and fired at Jackson on the floor. The ball struck Jackson on the hand and passed through his wrist into his side. Mack then took to his heels, and has not been apprehended at latest information. Jackson was taken to a hospital in Richmond this morning.

Barley, Bread and Beer

These three words are derived from the same Anglo Saxon root—*breowan*. All three are foods. Barley, a grain that makes both bread and beer. Bread, a solid food. Beer, a liquid food.

In making bread, flour and yeast are used; in making beer, barley-malt, hops and yeast are used. The same principle is in each—both are wholesome foods.

In Pabst Blue Ribbon Beer the Pabst Eight-Day Malting Process matures the malt slowly and uniformly, thus transforming every particle of nutriment in the barley into perfect food substances.

To these are added the invigorating properties of the choicest hops, by the Pabst brewing process, which insures absolute purity.

Your system requires a liquid. Why not use one that is both food and drink—

Pabst Blue Ribbon

The Beer of Quality

The special value of Pabst Blue Ribbon at meals is that it encourages the fluids of the stomach to render action, thus adding you to get the fullest nourishment from your food.

You can prove the value of Pabst Blue Ribbon as a food, by ordering a case today for home use.

Made by Pabst at Milwaukee.

Pabst Brewing Co., Marshall & Hancock Sts., Richmond. Phone 386.

"POINT TO POINT" RACES SUCCESS

Charles O'Malley Easily Wins First Money in First Race.

WARRENTON, VA., April 3.—The "Point to Point" races of the Warrenton Hunt Club came off yesterday afternoon on Clifton, the fine country estate of Major R. P. Barry.

There was a cloudless sky, with the ground in fine condition, and the going was easy, and there was nothing left to mar the interesting and exciting sports of the day except a stiff northwest wind, which was a great asset to the spectators. This did not lessen the enthusiasm, though, as evidenced by the rounds of applause which greeted J. D. Hall when he easily rode his thoroughbred hunter, Charles O'Malley, to victory in the first race.

The Warrenton Hunt Steeplechase, the second race, open to all recognized hunt clubs, was won by J. K. Maddux's Anna Brave, ridden by A. J. Duverson, with J. D. Hall's Miss Manning second, ridden by Scott Carter.

All right, owned by W. P. Sowers, was the third race, for half-bred, was the favorite, and this confidence in him was not misplaced. Don Kerr landed him with a fine finish. The Farmers' race was won by R. T. Moffett.

The purses in the first and second races were \$100 each, with the entry fee added, and \$25 in the second race, with the entrance fees added, and the Farmers' race, a purse of \$40, with first, second and third money.

MISS ALMA EVANS WINS.

Miss Leight and Reckless Recklaw Please Crowd.

Little Miss Alma Evans, the popular young local skater, won the half-mile race last night at the Skating Rink from Miss Fanny Leight, the fancy skater, now skating at the rink. It looked as though Miss Leight would have won easily, but Miss Evans proved an aggressive little opponent and won out. Time, 1:41.

In addition to this feature, Miss Leight was at her best in her fancy and took skating exhibition, and was cheered frequently as she went through with several difficult skating feats, which were entirely new to local rink patrons.

Reckless Recklaw in his "crazy specialty" kept the crowd in a continuous uproar. "Snowball" contributed his part to the amusement. The combination of entertainers are providing a clean and healthy exhibition from every standpoint, and have been attracting large crowds to the local rink at every performance.

To-night, to-morrow night and Saturday night Recklaw will race John Brent, the champion, in a series of one-mile races. Recklaw will ride a bicycle and Brent will skate. These contests will doubtless prove interesting.

DUMONT'S AIRSHIP.

NEW YORK, April 3.—The airship which was brought to this country by Santos Dumont for exhibition at the St. Louis Exposition, which was seized by the customs officials for non-payment of duty, was sold to-day for \$85. It was one of the several articles disposed of at the general appraiser's store in the annual sale of unclaimed goods.

Safest for Savings.
